

Hyundai Oil Valve 2435523770 24355-23770 Oil Pressure Regulation

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 24355-23770
- Minimum Order Quantity: 10 PCS
- Price: \$4.85 ~ \$5.87
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000 pcs per day

Product Specification

- Warranty: 24 Months
- Application: For Hyundai
- Material: Metal + Plastic
- Temperature Range: -20°C To +120°C
- Packaging: According To Customers' Requirements
- Engine Capacity: 2.0/2.4
- Valve Type: Oil Control Valves
- Highlight: 2435523770, 24355-23770

Product Description

2435523770 24355-23770 VVT Oil Control Valve for 2011-2014 Hyundai Santa Fe Tucson Optima

Product Description:

The Oil Control Valve (OCV) and its Role in Proper Engine Performance

The Oil Control Valve (OCV) is an essential component of a vehicle's engine. It helps regulate the flow of oil to various components, such as the camshaft and other engine components, and is usually operated by the engine management system. For optimal engine performance, the OCV plays a significant role. It is responsible for maintaining the right oil pressure and timing. It also works as a means of preventing too much oil from reaching the engine, which helps prevent engine damage. In cases where the OCV malfunctions, engine performance can be severely compromised. It is therefore essential to keep the OCV in proper working order, as it is an integral part of the engine. Regular maintenance, such as checking oil levels and replacing worn or broken components, can help ensure that the OCV functions correctly and performs as it should.

Features:

Our **Oil Control Valve (OCV)** provides an excellent solution for precise oil flow regulation in engines. It enables accurate oil flow adjustment, essential for proper lubrication and performance of engine components.

Moreover, it supports oil pressure regulation in variable oil pressure systems, making sure that the oil flow is consistent and optimal. This helps to maintain the necessary oil pressure for effective lubrication, cooling and protection of engine parts.

The OCV is characterized by its **durable construction** – it features an extra-robust housing with high-quality internal components, providing durability and resistance to corrosion. It is a wise investment for long-term performance of your engine.

Furthermore, our OCV is designed for **easy installation**. It matches all the specifications and mounting points of the original equipment, and will fit your specific vehicle make, model and engine. Enjoy a hassle-free fitting experience in moments.

Support and Services:

Oil Control Valves Technical Support and Services

We provide full technical support and services for our Oil Control Valves product. Our team of highly trained and experienced engineers are available to answer any of your technical questions and provide guidance on how to properly use the valves.

We also offer a full range of maintenance services, such as cleaning and testing of the valves, to ensure their long-term performance and reliability. In addition, our team can also provide on-site installation and repair services, as well as technical training for operators.

For any inquiries regarding our Oil Control Valves product, please don't hesitate to contact us. We look forward to hearing from you.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
